

Moving from CKAN to Dataverse

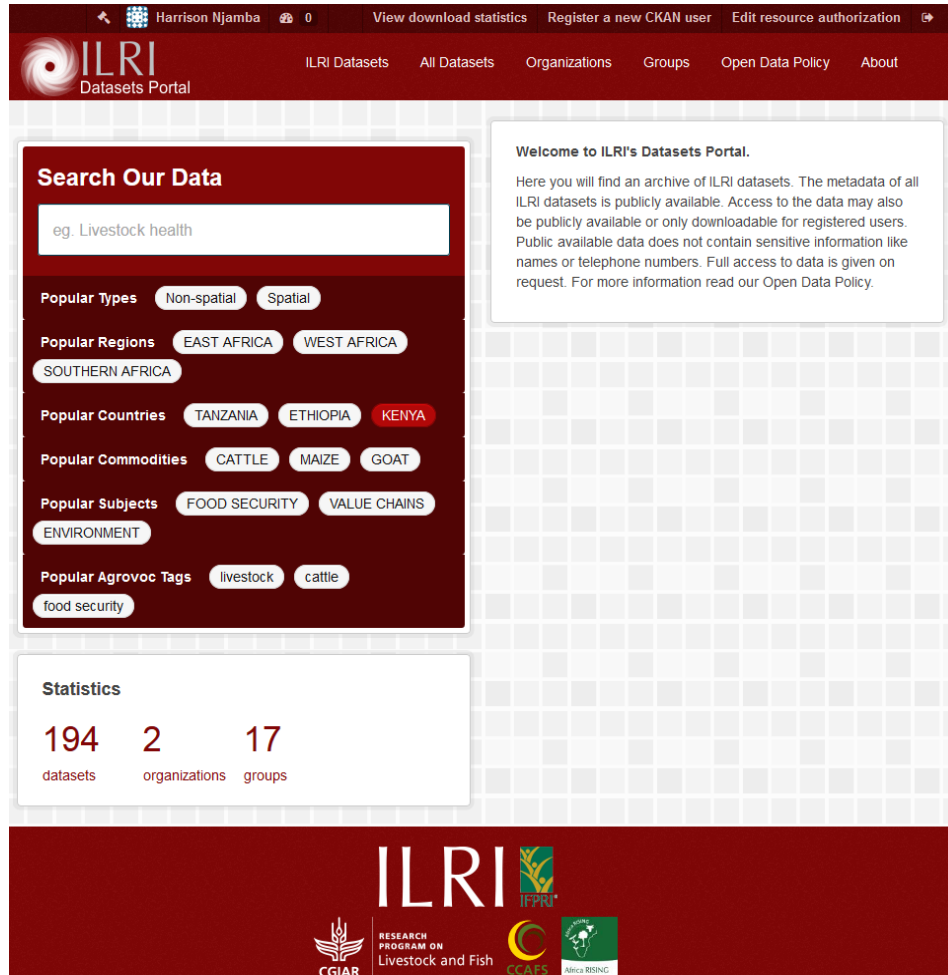

Setting the plan for 2020

4th November 2019

Harrison Njamba

h.njamba@cgiar.org, Skype: njamba.kimani

Current ILRI Data Portal

- Based on CKAN
- Programming in Python with extensions
 - Customizations
 - Database connections,
 - Login rights
- Capacity for maintenance and support

Moving To Dataverse Issues to Consider

- Installation
 - Local Server
 - Amazon web services (AWS)
 - Harvard Hosted
- Customizations
 - Color Scheme / Logos
 - Agrovog, Lookup lists, Tags
 - Linking with Dspace, Dataverse, ARES
- Data Transfer
 - Current data files
 - Databases
 - URL Redirection of current datasets
- User Guides
 - Self upload of data
 - Metadata Template

Thank You
