

Impact investment fund aimed at restoring and improving biodiversity and ecosystems in Brazil initialized by CIAT and CCAFS

THEMES

Climate-Smart Technologies and Practices

GEOGRAPHIC FOCUS

Latin America

CCAFS and CIAT, with support from USAID and together with Mirova Natural Capital, successfully co-designed, developed and participated as a cornerstone investor for the Amazon Biodiversity Fund for Brazil. **This fund is an impact investment fund targetting USD 100 million of investment which is focused on reducing deforestation, reducing emissions, building resilient livelihoods and protecting critical biodiversity.**

CCAFS/CIAT acts as a cornerstone investor and sit on the advisory board. Initial investments are already being made with sustainable businesses in the Brazilian Amazon.
