

Public Private Partnership for production and delivery of Peste des Petits Ruminants (PPR) thermostable vaccines in Mali

Project Title: P616 - Activity 2.4.1: Animal Health Service provision

Description of the innovation: We developed a public private partnership to produce, test and deliver two PPR thermotolerant vaccines in Mali.

New Innovation: Yes

Stage of innovation: Stage 3: available/ ready for uptake (AV)

Innovation type: Social Science

Geographic Scope: National

Number of individual improved lines/varieties: <Not Applicable>

Country(ies):

- Mali

Description of Stage reached: Tool available for uptake by end users.

Name of lead organization/entity to take innovation to this stage: ILRI - International Livestock Research Institute

Names of top five contributing organizations/entities to this stage: <Not Defined>

Milestones: No milestones associated

Sub-IDs:

- 10 - Closed yield gaps through improved agronomic and animal husbandry practices

Contributing Centers/PPA partners:

- ILRI - International Livestock Research Institute

Evidence link:
