FX – Machete cutting through grass

Chepe- *tired sigh*

FX – Steps

Ms. Maria- Hey, Chepe! Working hard?

Chepe- Until the body holds out! Where are you going, Ms. Maria?

Ms. Maria- To the improved forages training. Aren't you going?

Chepe- I doubt it! I have too much work to do here in the farm. I am feeling very tired, it's been a tough week.

Ms. Maria- You know, it is not good to force the body so much, you need to get more rest.

Chepe - What can I do? With everything that needs to be done in the house and the farm, my wife and I are swamped with work.

Ms. Maria - That's what family is for! If we share our work and information, we all benefit. In my house, my husband decided to stay and look after the kids, while I attend the training.

Chepe – You're right! My wife and I are too busy, but I can ask my sister to go.

Ms. Maria - Yes, go tell her, so you don't miss out on important information.

Chepe- This way we all learn and support each other, because the farm belongs to all of us!
