

Capacitating One Health in Eastern and Southern Africa

Introducing COHESA Work on One Health in Schools

Florence Mutua, ILRI

COHESA Biennial Conference
Pretoria, South Africa, 20-22 November 2023

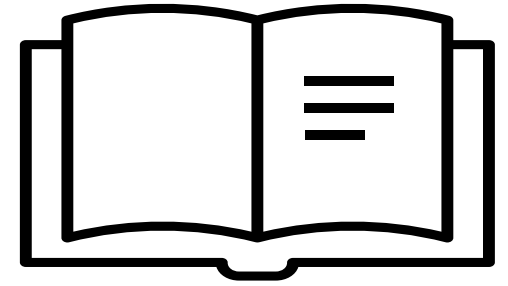

OH education in schools (1)

- Desire for a future with **professionals** who are better prepared to tackle OH issues – they communicate/ collaborate/ coordinate.
- **Early exposure** to One Health: But how early is early? Which level/ grade.
- Are there **models** that we can tap into, to deliver? Who else is working on this space.

OH education in schools (2)

- What **content** would be appropriate (for primary, secondary schools, others).
- What **approach** would be ideal for different ages/ contexts?
- Where **should the focus be**: extra curriculum/ curriculum/ teacher education etc.

OH education in schools (3)

- Session gives us a chance to reflect on where we are on component involving schools.
- We will hear what Kenya, Malawi, and Zimbabwe are doing (or are planning to do)
- And see who else might be interested (if time, budget allows).

OH education in schools (4)

- Paul will present on lessons they learnt on their program **on training of trainers on One Health in schools.**
- There will be time to discuss and offer insights that teams should consider while proceeding with plans.

Funded by the
European Union

The project 'Capacitating One Health in Eastern and Southern Africa (COHESA)' is co-funded by the OACPS Research and Innovation Programme, a programme implemented by the Organization of African, Caribbean and Pacific states (OACPS) with the financial support of the European Union

COHESA

Capacitating One Health in Eastern and Southern Africa

THANK YOU

The International Livestock Research Institute (ILRI) is a non-profit institution helping people in low- and middle-income countries to improve their lives, livelihoods and lands through the animals that remain the backbone of small-scale agriculture and enterprise across the developing world. ILRI belongs to CGIAR, a global research-for-development partnership working for a food-secure future. ILRI's funders, through the [CGIAR Trust Fund](#), and its many partners make ILRI's work possible and its mission a reality. Australian animal scientist and Nobel Laureate Peter Doherty serves as ILRI's patron. You are free to use and share this material under the Creative Commons Attribution 4.0 International Licence .
