Management of Research initiative outputs in the ONE CGIAR

**Indira Yerramareddy, Ryan Miller, Leigh Plummer, Nilam Prasai,
Monica Greene, Susannah Frey**
CPA-Knowledge Management

Presentation Outline

- Initiative publication submissions under One CGIAR
- Development of the One CGIAR interim repository solution
- Dataset publication under One CGIAR

Publications

Initiative Outputs Submission-Interim Solution

- CGIAR Multi-Center Repository (CGSpace)
 - All initiative outputs are added to CGSpace
 - Submit these with the IFPRI form you have been using since June 2020
 - CGIAR-entity published materials (PDFs) will originate on CGSpace
 - IFPRI is no longer uploading PDFs for CGIAR-copyrighted research initiative outputs
- IFPRI Institutional Repository (eBrary)
 - All IFPRI authors output – regardless of initiative will be included in eBrary
 - IFPRI.org and staff performance reviews are updated based on eBrary, not CGSpace
 - **NO** changes to bilateral publications

EXCEPTIONS: IFPRI copyrighted materials (such as IFPRI Discussion Papers) tied to Initiatives will originate on eBrary, and metadata will be uploaded to CGSpace

Sample Workflow

- Working Paper, submitted through IFPRI form
 - Copyright CGIAR, fully from Systems Transformation linked Initiative
 - IFPRI authors – NO: in CGspace, no record added in IFPRI repository
 - IFPRI authors – YES: in CGspace, metadata record in IFPRI repository
 - Working paper, submitted through IFPRI form
 - copyright IFPRI, linked to Sys. Trans. Initiative
 - IFPRI authors – Y/N: catalog in IFPRI repository, metadata record added to CGspace
 - Copyright, third party partner, linked to Sys. Trans. Initiative
 - IFPRI authors – Y: catalog metadata in IFPRI repository, metadata in CGspace
 - IFPRI – N: catalog metadata in CGspace

Immediate Changes

- Linking URIs
 - IFPRI no longer registers DOIs for research initiative outputs (if no IFPRI copyright)
 - CGSpace URI is the handle (<https://cgspace.cgiar.org/handle/10568/125045>)
 - Publication is online alerts
 - CGSpace alerts cataloger, KM will forward notification to submitter of form
-
- Metrics/Statistics
 - IFPRI will continue to use current modes of collecting downloads for bilateral outputs
 - CGSpace and eBrary use Altmetric

Repository changes already made

9. Is this output related to any of the following Systems Transformation initiatives? (You can select more than one.)

Please write in any other related initiatives. (Note: Names have recently been updated.)

- Agroecology
- Climate Resilience
- Digital Innovation
- Foresight
- Fruits and Vegetables
- Gender Equality
- Low-Emission Food Systems
- National Policies and Strategies
- NEXUS Gains
- Rethinking Food Markets
- Sustainable Healthy Diets
-

Research Initiatives

Foresight and Metrics to Accelerate Food, Land and Water Systems Transformation
National Policies and Strategies for Food, Land and Water Systems Transformation

Publication Dissemination Changes

- Google Books & Google Play
 - Initiative only publications will not be uploaded
 - Other IFPRI publications continue to be uploaded
- RePEc
 - IFPRI will upload publications that originate in the eBrary
 - Initiative work will not be uploaded
- SSRN
 - No changes right away
 - IFPRI Discussion Papers will continue to be uploaded

Datasets

Initiative Outputs Submission-Interim Solution

- IFPRI Dataverse
 - All initiative outputs are added to IFPRI Dataverse
 - Submit these with the IFPRI Dataset Submission Form
- CG Space and IFPRI Institutional Repository (eBrary)
 - Minimum metadata will be added
 - Initiatives name as the author
- No changes to datasets originating from bilateral projects

Any questions?

- Email our team at ifpri-library@CGIAR.org
- Fill out a form on <https://library.ifpri.info/help/>
- For questions on everything else library-related, check out our research guides: <https://ifpri.libguides.com/>
- For questions on everything else data-related, check out the RDM site: <https://rdm.ifpri.info/>
