

Personal data use authorization form

CGIAR respects and works to protect the privacy of subjects appearing in our publications. The purpose of this form is to ensure that approval is obtained for the use of personal data collected and used for CGIAR purposes. Personal data means, but is not limited to, photographs, video, other capture of human image, names, and quotes from natural persons.

Please read the following script to the subject(s) in their local language. Translate if necessary.

CGIAR would like permission to use and distribute your and/or your child/children's personal data and include it in any format in our online and/or print publications and communication, promotional, or other products. We are committed to making sure that information provided in our publications and products represents you correctly.

To be given to or read to the subject of the photograph(s)/video(s)/image(s):

Please read the following statement and, if you agree, please tick the box, sign your name, and include today's date:

☐ Yes, I agree CGIAR, its Research Centers and Programs, can use my/my child's personal data, as applicable. I understand that the personal data may be used and distributed in any format in our online and/or print publications and communication, promotional, or other products. By signing this form, I understand that the people in my community, in this country, or other countries may see my/my child's personal data. There is no time limit on my permission. I have been provided with information on how to contact CGIAR should I decide to withdraw my permission.

Name:

Organization (if applicable):

Signature:

Date:

If you are providing authorization for a child/children under 18 years of age, please tick the box.
