

SC24

24TH SYSTEM COUNCIL MEETING

Update on Gender in Science

Nicoline de Haan

Director Gender Equity and Inclusion Accelerator

10-11 June 2026 | Antalya, Türkiye

GENDER Accelerator's impact pathways

Accelerator's 3 impact pathways:

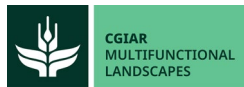

- **With partners:** foundational, multi-sited, and/or country-focused research, designing and testing solutions
- **With Science Programs/Accelerators (SP/As) and Centers:** evidence and solutions with thematic and technical priorities identified in the CGIAR Science Programs & Accelerators and other CGIAR research projects
- **Global:** influencing global processes, capacity strengthening, and development of a conducive environment for uptake of gender research in AR4D

Gender research and impact in Science Programs and Accelerators (SP/A)

Building a robust gender program within the SP/As:

Goal: Responsibility and capacity within the SP/As

- Senior gender researcher within the SP/As – creation of gender focal points
 - Member of the management committee (advice)
 - Funding available for their time and for activities (advice)

- Dedicated research Areas of Work and Package of Deliverables
 - Sustainable Animal and Aquatic Food (SAAF): gender, youth and social inclusion
 - Digital Transformation : center of excellence on gender and digital

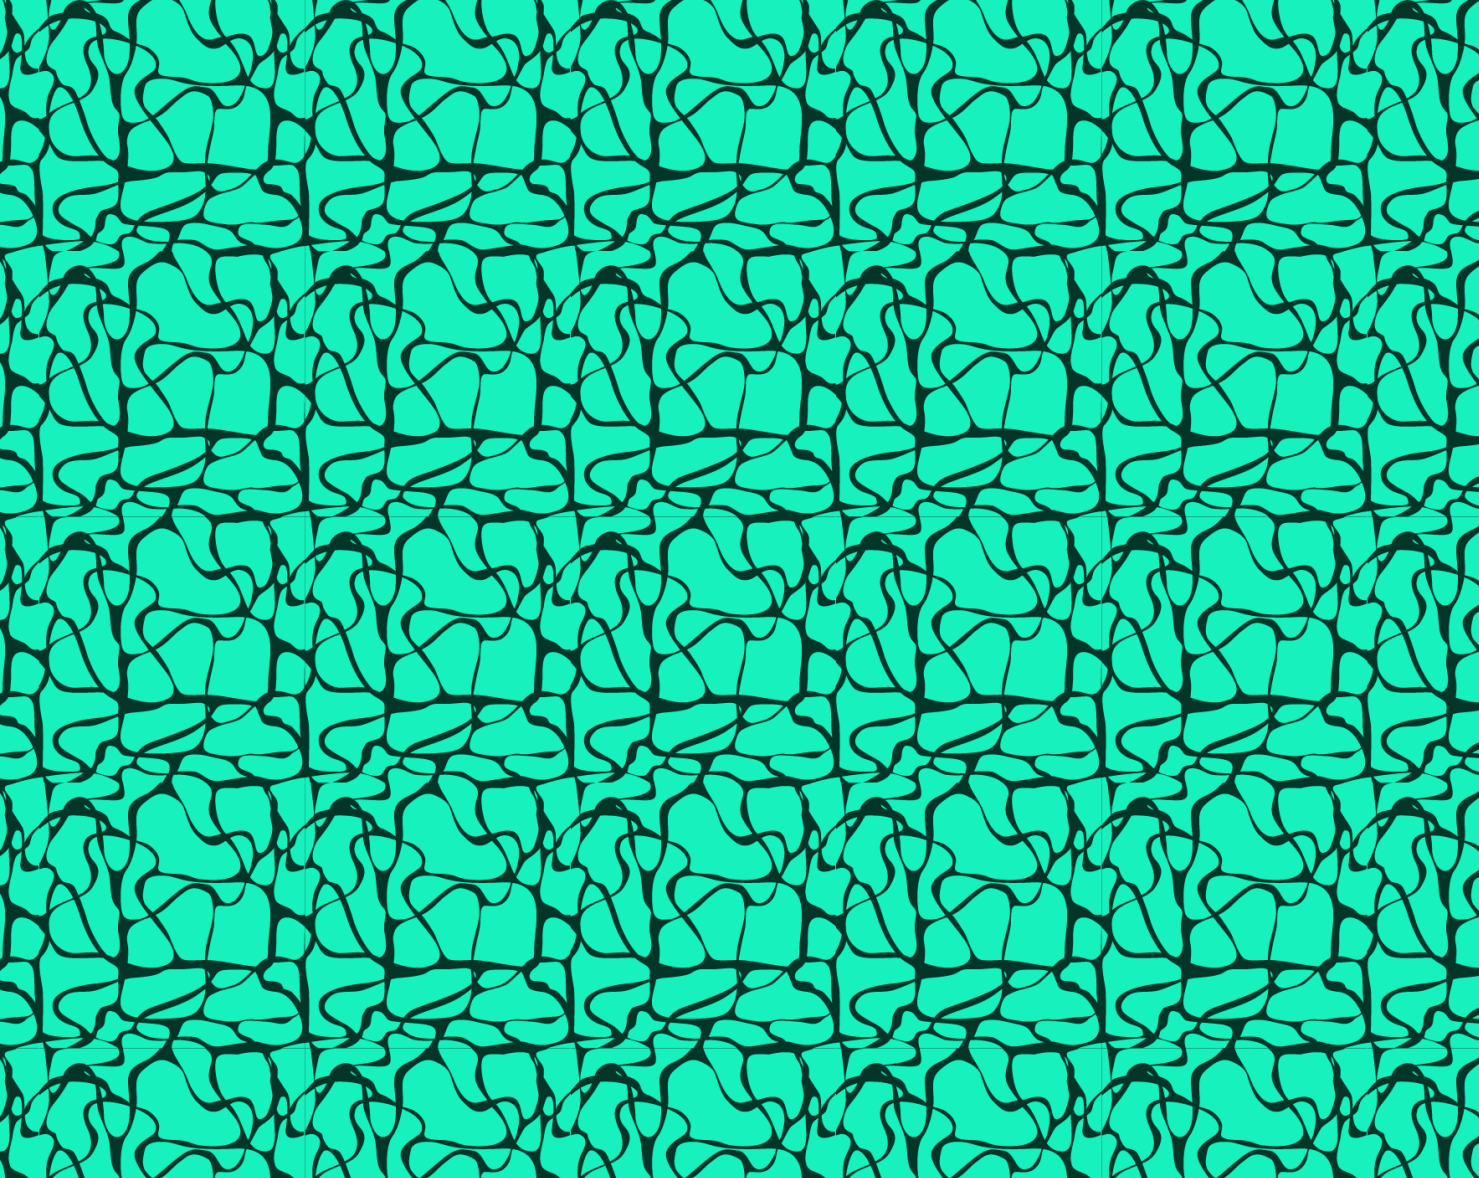

GENDER Accelerator's links with SP/A

GENDER Accelerator's role to lead and support CGIAR SP/As

- **Innovation** – investments made by Accelerator
 - Social Technical Innovation Bundles (STIBS): across the portfolio
 - Breeding for Tomorrow (B4T) traits beyond nutrition
 - Policy Innovation: youth employment
- **Tools** – housed but used by SP/As
 - Women's Empowerment Agriculture Index (WEAI) / Climate Action
 - Gender Transformative Approaches/ Sustainable Animal and Aquatic Food (SAAF)
- **Accelerator collaboration:**

Thank you
