Roles of the System Council and the Integrated Partnership Board

The System Council is the **strategic decision-making and oversight body** that has strategic oversight for the vision, direction, impact, continued relevancy, adequate governance, and programmatic performance of the Integrated Partnership (art. 2b Framework).

The Integrated Partnership Board is **the governance body** of the CGIAR System Organization and of the Integrated Partnership (art. 2s Charter)

The Integrated Partnership Board is **accountable to:**
a) the System Council, with respect to the oversight of the implementation of the Integrated Partnership's vision, strategic direction, partnership strategy, governance and financial and programmatic performance [...] (art. 8.1a Charter)

The System Council works collaboratively with the Integrated Partnership Board in order to ensure alignment of direction, strategy and resources (art. 2b Framework/art. 3 Charter).
